## Descriptions

---

Named the world's best luxury hospitality brand, Six Senses unveils its very first Alpine resort in the heart of Crans-Montana, one of the most prestigious destinations in the Swiss Alps.

This exceptional development combines a 5-star hotel with two private residences featuring just 17 exclusive apartments, starting from 220 sqm, all benefiting from full hotel services. Currently under construction, these residences are available for purchase.

With no ownership restrictions for Swiss or international buyers, this rare address represents a unique opportunity, blending secure real estate investment with an unparalleled lifestyle.

Owners enjoy full access to the hotel's premium amenities: 24/7 concierge and butler services, true ski-in/ski-out access, a 2,000 sqm signature spa, restaurants, pools, open-air cinema, business center and bespoke services.

Set in a prime elevated location in the village center, steps from the Cry d'Er lifts, the resort allows residents to step directly onto the slopes from the ski lounge and return home with skis on.

Designed as a sanctuary of wellness, the Six Senses Spa offers state-of-the-art facilities and exclusive treatments, including indoor and outdoor heated pools, fitness, hammam, saunas and holistic programs for both adults and children.
