Product type :	Apartment	City :	Milano
Country :	Italy	Condition :	Luxurious services
View :	Vue ville,Vue dégagée	Ref. :	B1046

Descriptions

Exclusive skylofts that interpret living as a personal and distinctive experience. Spaces capable of transcending conventions and transforming themselves into true signs of identity. The large windows and dramatic double-height volumes typical of lofts, here placed on the top floors of a contemporary building, make natural light the absolute protagonist. The project, born from the original vision of architect Matteo Thun, today evolves thanks to the intervention on the interiors by Stefano Berlingardi Architects and becomes a unique residential offering that meets the needs of a sophisticated and design-loving audience.

The apartments offer large windows, generous volumes and fluid layouts, with the possibility of customizing the interiors to create a tailor-made environment. Some residences are distinguished by their large panoramic rooftop terraces that allow you to imagine true extensions of the home: hanging gardens, lounge areas, wellness areas or spaces for receiving guests with views of the Milan skyline.

Alongside the idyllic and private dimension, T37-1 offers an exclusive lifestyle: dedicated conciergerie, Fitness Lounge, Club Room and Coworking Area, services designed to ensure well-being, comfort and sociability in a context at the highest level.
All this in the heart of the Tortona District, a neighborhood symbolic of creativity and design, home to international events such as Fuorisalone and animated by a constantly evolving cosmopolitan energy.

T37-1 is a unique residential project in the Milanese scene, combining the spatiality and freedom typical of a loft with the exclusivity of penthouses, enhanced by the collaboration with some of the most important names in Italian design.
