Descriptions

In the charming Piazza Piemonte, between the famous "twin skyscrapers", inside the historic Palazzo Sant'Ambrogio — the first skyscraper in Milan, designed in 1923 by the architect Mario Borgato — Refined residence of 177 m^2 on the noble first floor.

The building, an icon of Milanese architecture, stands out for its spectacular stone façade, its ornamental garden, its monumental entrance with concierge, the original elevator and the majestic main staircase enriched with quality stained glass windows and bas-reliefs.

The apartment retains all the charm of the era thanks to the original parquet and Venetian mosaic floors, Liberty-style doors and historic windows. The spaces include a large entrance, a bright double living room with balcony and open views of Via Elba, three bedrooms, two bathrooms with windows and a spacious kitchen served by stairs and service elevators.

The property also includes an adjoining attic.

A rare residence, combining history, elegance and strategic position, just a few minutes from CityLife, one of the most exclusive European projects.
In the immediate vicinity of the tree-lined avenues and shopping of Corso Vercelli.
