Descriptions

Located in one of Milan's most iconic districts, just a short walk from Sforza Castle, this elegant 175 sq.m apartment occupies the third floor of Palazzo Bonacossa, a historic building dating back to 1894 and designed in a remarkable Italian Renaissance style.

From the moment you enter, the property impresses with its timeless elegance: patterned parquet flooring, warm wood finishes, generous ceiling heights enhanced by period mouldings and decorative details. The reception area features two distinct living rooms offering charming glimpses of Sforza Castle.

The sleeping area comprises two bedrooms overlooking a peaceful inner courtyard, as well as two bathrooms. On the mezzanine level, the kitchen and dining room overlook one of the living areas, creating a unique interplay of volumes and perspectives. Concierge service throughout the day and the possibility of acquiring a large garage nearby.
